

# Bad Girl

David Byron

I want a bad girl  
To hold me tight  
I want a bad girl  
To share my night  
Don't need a tease  
I'm gonna please her everywere  
Just lead the way  
'Cause if you stay  
You'll get your pay

Don't want a shy girl  
You're just a waste of my time  
To say goodbye, girl  
Take the next one in line  
There's always more  
That's come here for  
My taste of honey  
And if you ain't buying  
Don't waste my time  
I ain't being funny

I want a bad girl  
You're just a little liar  
I want a bad girl  
'Cause bad's just my style  
In skin tight jeans  
Not seventeen  
Ready and willing  
Come on along  
And come on strong  
You're such a good dealer

Don't let me down  
Don't let me down...
