

Bad Girl

David Byron

I want a bad girl
To hold me tight
I want a bad girl
To share my night
Don't need a tease
I'm gonna please her everywhere
Just lead the way
'Cause if you stay
You'll get your pay

Don't want a shy girl
You're just a waste of my time
To say goodbye, girl
Take the next one in line
There's always more
That's come here for
My taste of honey
And if you ain't buying
Don't waste my time
I ain't being funny

I want a bad girl
You're just a little liar
I want a bad girl
'Cause bad's just my style
In skin tight jeans
Not seventeen
Ready and willing
Come on along
And come on strong
You're such a good dealer

Don't let me down
Don't let me down...
