

# All Because Of You

David Cassidy

S. Shifrin

Sometimes a heart has a mind of its own

Sometimes

I can tell myself that I'm better off bein' alone

Sometimes

But this time I can't hide from the thought of it

It's all around every corner I turn

Right there in lights - black and white

Why everything's wrong

It's all because of you that I feel this way

All because of you that my heart wants to break

If every other love can be forgotten

It's all because of you

Tonight I can't feel any magic at all

Inside

'Cause I can't reach out for the stars

Lookin' up at the moon on my own

No signs of life - no nothin's right

Since you been gone

It's all because of you that I feel this way

All because of you that my heart wants to break

If every other love can be forgotten

It's all because

All because of you I can't sleep at night

Oh no - I can't sleep at night

There ain't no rest livin' second best

Without your love

You don't know what it's like

To feel this way

All because of you that my heart wants to break

If every other love can be forgotten

It's all because

It's all because of you that I feel this way

All because of you that my heart wants to break

I'm goin' out of my head

Because of what you said

I'm goin' out of my mind

'Cause you won't be mine

It's all because of you that I feel this way

It's all because
