

Do You Believe In Magic

David Cassidy

Could it be forever or is my mind just rambling on Well I touched you once and I kissed you once And I feel like you're mine Well I feel like you're mine and I see in your face I'm not wrong to have these feelings Well I feel like you're mine and I've never known a time before That's had so many meanings Could it be forever or is my mind just wasting time Well I don't think so because you let me know You make me feel like you're mine Well I feel like you're mine and I can't remember When the feelings have been stronger And all I know is I can't let go of you Or be with you just a little while longer All my feelings come together All I need is here Never know when I felt better Cause I know this won't disappear Could it be forever or is my mind just rambling on Well maybe it is and if it is I'll just be moving along Well I feel like you're mine and I see in your face I'm not wrong to have these feelings Well I feel like you're mine and I've never known a time before That's had so many meanings (Repeat "Could it be forever" interpolated with phrases like "All I know is I love you so" and "Feel like your mine" and fade)
