

# Somebody To Love

David Cassidy

D. Cassidy/S. Shifrin

Yacht on the ocean  
Pie in the sky  
Penthouse apartment  
Money piled high  
You got what everyone wants

Monogram sheets  
Stretch limousines  
Knew Any Warhol  
Shook hands with the queen  
What else could anyone want?  
What else could anyone need?

Chorus:

I got somebody to love  
I got somebody to love  
You ain't got nothin I want  
I got somebody  
I got somebody to love

You can't stop running  
You might run outta thrills  
Just wash your breakfast down with your pills  
You got nobody to love  
Wake up each morning  
Feelin your age  
Look out the window of your gilded cage  
Can't figure out what's gone wrong  
You got the things that you want

Chorus:

I got somebody to love  
I got somebody to love  
You ain't got nothin I want  
I got somebody  
I got somebody to love

Don't know how I'm gonna pay the rent  
Don't know where I'm gonna see my next cent  
But since I left you, there's no lookin back  
I got the one that you could never have

Chorus:

I got somebody to love  
I got somebody to love  
You ain't got nothin I want  
I got somebody  
I got somebody to love
