

By My Side

David Choi

[Maudy Ayunda:]
Ku hitung detik waktu
Memikirkan kamu tiada habisnya

Kau di detak jantungku
Di setiap nafasku tiada gantinya
Kau segala
Yang bermakna

I just wanna hold you
I just wanna kiss you
I just wanna love you all my life

I normally wouldn't say this
But I just can't contain it
I want you here forever right here
By my side

[David Choi:]
All the fears you feel inside
And all the tears you've cried
They're ending right here

I'll heal your hardened soul
I'll keep you oh so close
Don't worry, I'll never let you go
You're all I need
You're everything

[Maudy Ayunda/David Choi:]
I just wanna hold you
I just wanna kiss you
I just wanna love you all my life

I normally wouldn't say this
But I just can't contain it
I want you here forever right here by my side

[David Choi:]
Siapa yang 'kan menyangka
Aku tergila-gila
Dengarlah sekali lagi
I love you

[Maudy Ayunda:]
Tiada yang lain lagi
Hatiku telah terkunci
Cuma kamu

[Maudy Ayunda/David Choi:]
I just wanna hold you
I just wanna kiss you
I just wanna love you all my life

I normally wouldn't say this
But I just can't contain it
I want you here forever right here

By my side

Ooh hold you, kiss you
I just wanna love you all my life

I normally wouldn't say this
But I just can't contain it
I want you here forever right here
By my side
