

# Only You

David Choi

Love songs on the radio  
Don't mean much to me anymore  
Won't see a smiling face  
Walked out the door a long, long time ago

You carried my heart away and you left me here alone

Only you, only you only you can make me blue  
Only you, oh it's true that there's nothing I can do

White stars they all shine so bright while the lone moon is gray  
Come join this heart of mine if you care to stay

She carried my heart away there's nothing left of this fool  
Only you, only you only you can make me blue  
Only you, oh it's true that there's nothing I can do  
Nothing I can do Nothing I can do, but to sit and think of you

Only you, only you only you can make me blue  
Only you, oh it's true that there's nothing I can do
