

Dream Big

David Cook

When I was a little boy
I swore that I would change the world
when I grew up
nothing else would be enough

I see it every day
We settle for safe
And lose ourselves along the way

But if we don't Dream Big
What's the use in dreaming
If you don't have faith
there's nothing worth believing
It takes one hope
To make the stars worth reaching for
So reach out for something more

Took a while to perfect a plan
for me to finally understand
that it's not me
faith is something you can't see
I've wiped my tears away
now it's time for a change
No, I can't waste another day

But if we don't Dream Big
What's the use in dreaming
If you don't have faith
there's nothing worth believing
It takes one hope
To make the stars worth reaching for
Coz if you don't have faith
What's the use in dreaming
If you don't have faith
there's nothing worth believing
It takes one hope
To make the stars worth reaching for
So reach out for something more.
