

# Lie

David Cook

You whispered that you were getting tired,  
Got a look in your eye,  
Looks a lot like goodbye.  
Hold on to your secrets tonight.  
Don't want to know I'm OK with this silence  
It's truth that I don't want to hear

You're hiding regret in your smile  
There's a storm in your eyes I've seen coming for awhile  
Hold on to the past tense tonight  
Don't say a word,  
I'm OK with the quiet.  
The truth is gonna change everything.

So lie to me and tell me that it's gonna be alright  
So lie to me and tell me that we'll make it through the night  
I don't mind if you wait before you tear me apart  
Look me in the eye,  
Lie, lie, lie.

Lie, lie, lie.

I know that there's no turning back.  
If we put too much light on this we'll see through all the cracks.  
Let's stay in the dark one more night.  
Don't want to know I'm OK with the silence.  
It's truth that I don't want to hear.

So lie to me and tell me that it's gonna be alright  
So lie to me and tell me that we'll make it through the night  
I don't mind if you wait before you tear me apart  
So look me in the eye,  
And lie, lie, lie.

Don't want to believe in this ending  
Let the cameras roll on,  
Keep pretending  
Tomorrow's all wrong if you walk away  
Just stay

So lie to me and tell me that it's gonna be alright  
So lie to me and tell me that we'll make it through the night  
I don't mind if you wait before you tear me apart  
Look me in the eye,  
And lie, lie, lie.

So lie to me and tell me that we're gonna be OK  
So lie to me and tell me that we'll make it through the day  
I don't mind if you wait before you tear me apart  
Look me in the eye,  
And lie, lie, lie.
