

# Don't Leave Me This Way

David Coverdale

I'm sick and tired and lonely, sitting in my room  
Staring at the shadows, blowing smoke rings at the moon.  
Every night I try, but, every night I cry, tryin' to work out why  
I just wanna know, got to know, why you keep on pushing me, baby.

You love me when you want, and take me when you need  
Whatever you say to me, baby, makes my poor heart bleed.  
Now I don't wanna win, but, I don't wanna lose  
An' I don't wanna be alone no more, no more  
I just wanna give you love, I just got to give you love.

But, you keep on giving love,  
You give another man your love.  
Ooh baby, don't you leave me this way,  
Don't you leave me.

I never wanna hurt you, don't wanna tie you down  
But, every time I take a look in the mirror,  
I can see the heartache hangin' 'round.  
I'm going down to the ground,  
Why you always wanna bring me down  
Baby, baby, why do you always bring me down.

'cos you keep on giving love,  
You give another man your love.  
Baby, baby, don't you leave me this way.  
Don't you leave me, baby, baby, baby.  
My heart is aching, my heart is breaking for you  
And I can't take it anymore, no more, no more.

I'm sick and tired and lonely, nothing left to say  
Just thinking 'bout you, baby, takes all my night and day  
All my nights, all my days,  
Baby, babe, you take my breath away.

'cos you keep on giving love,  
You give another man your love.  
Baby, baby, baby, don't you leave me this way.

I can't stop my love from falling down  
I wanna love you in the morning,  
Wanna love you in the evening time.  
Don't you leave me, baby,  
Don't you ever leave me, baby.  
Don't you leave me, baby, no.

Don't you leave me, baby.
