

# River Song

David Coverdale

I was born by the river  
Raised by the sea  
Baptized in muddy water  
To drown the devil in me  
I'm going back to the river  
Down to the stream  
I'm gonna follow that water  
And find my dream

Where St. John be waiting on me  
To wash my sins away  
Hey St. Christopher pray for me  
Cos baby I'm on my way

Where the rivers flow  
Where the rivers flow  
Just around the bend  
I'll find my rainbows end  
Maybe then I'll know  
Where the rivers flow

You know the gypsy woman told me  
About a river of gold  
Full of dreams for the asking  
In the valley of souls  
So I called to the captain  
Come on take my hand  
I'm gonna follow the water  
To the Promised Land

Where St. John be waiting on me  
To wash my sins away  
Hey St. Christopher pray for me  
Cos baby I'm on my way

Where the rivers flow  
Where the rivers flow  
Just around the bend  
I'll find my rainbows end  
And maybe then I'll know  
Come on take my hand  
I'm gonna follow the water  
To the Promised Land

Where St. John be waiting on me  
To wash my sins away  
Hey St. Christopher pray for me  
Cos baby I'm on my way

Where the rivers flow  
Where the rivers flow  
Just around the bend  
I'll find my rainbows end  
And maybe then I'll know  
Where the rivers flow
