

# Wherever You May Go

David Coverdale

You mean the world to me  
More than I can say  
And when I look at you  
It takes my breath away  
I look into your eyes  
And see the love for me  
Once again I realize  
There's no where else  
I'd rather be

And when my life is over  
When my time is through  
I'll still be loving you

You're all I want  
Everything I need  
When I look at you  
It's easy to believe  
No matter what you say  
No matter what you do  
Wherever you may go  
My heart will follow you

You stand beside me  
When my back's against the wall  
You cradle my uncertainty  
And catch me when I fall  
So put your arms around me  
Like a circle around the sun  
Touch me with your healing hands  
And show my life has just begun

And when this time is over  
When this life is through  
I'll still be loving you

You're all I want  
Everything I need  
When I look at you  
It's easy to believe  
No matter what you say  
No matter what you do  
Wherever you may go  
My heart will follow you

And when my life is over  
When my time is through  
I'll still be loving you

You're all I want  
Everything I need  
When I look at you  
It's easy to believe  
No matter what you say  
No matter what you do  
Wherever you may go  
My heart will follow you
