

## Triad

David Crosby

You want to know how it will be  
Me and her or you and me  
You both sit there with your long hair flowing  
Your eyes alive, your minds are still growing  
Saying to me what can we do now that we  
Both love you -- I love you too  
But I don't really see, why can't we go on as three

You are afraid, embarrassed too, no one has ever in your sweet s  
hort life child  
Said such a thing to you  
Your mother's ghost stands at you shoulder  
Got a face like ice -- just a little colder  
Saying you can not do that it breaks all the rules  
You learned in school  
But I don't really see, why can't we go on as mmm three

You know we love each other it's plain to see  
There's just one answer comes to me  
Sister lovers -- some of you must know about water brothers  
And in time maybe others  
So you see what we can do  
Is to try something new - that is if you're crazy too  
But I don't really see, why can't we go on as three
