

# What Makes It So

David Crosby

They try to tell you  
What you can and cannot do  
Your place on the path  
How much you get to know

And what makes it so?  
How do they know?  
How can it only be  
One way?

And you  
You don't like it  
You've already picked out your move  
The road you'd like to ride  
Just how deep in the groove

And what makes it so?  
How do they know?  
How can it only be  
One way?

A man stands before you  
Telling us all what his great leader said  
(And I say)  
Where is it written  
And how many ways can it be read?

And what makes it so?  
How do they know?  
How can it only be  
One way?

I think for myself  
Probably keep it that way  
At least for now  
At least for today

And what makes it so?  
How do they know?  
How can it only be  
One way?
