

He Was There

David Crowder Band

I will sing to the Lord
I will sing to the Lord
He is high above and lifted up
He is high above and lifted up

He was there for me in the desert
He was there for me on the mountain top
He was there for me when there was no water
He was there for me and He gave me a drink

In the desert He was there
On the mountain He was there
In the valley deep He was there
Everywhere I look my God is there
