

How Great

David Crowder Band

I'm so bored of little gods
While standing on the edge of
something large
While standing here, so close to You
We could be consumed
What a glorious day

I give up, I lay down
Rest my face upon this ground
Lift my eyes to Your sky
Rid my heart of all I hide

So sweet this surrender

How great Your love for us
How great our love for You
That grace could cover us
How great Your love

How marvelous, how brilliantly
Luminous, You shine on me
And who can fail to give You awe
To fear You, God, so sovereign and strong

What a glorious day
What a wonderful day, today
What a glorious day
What a wonderful day, today
Glorious day
