

# It Means I Love You

David Fonseca

In between our young lives  
I feel like there's an ocean  
Tides keep getting high  
And I can't stop the motion, commotion

Drinking out of my mind, it means I love you  
Wasted every single time, it means I love you  
Wild, young young, wild, it means I love you  
I love you, I love you, I love you, I love you  
Pinning your voodoo doll, it means I love you  
Falling on the dance hall, it means I love you  
To every single love song that says I love you  
I love you, I love you, I love you  
I love you...  
I love you...

Oh oh, ohohhh...  
Oh oh, ohohhh...  
Oh oh, ohohhh...  
Oh oh, ohohhh...

You were holding someone's arm  
Now was that your lover?  
Lying on the beach that night  
I thought we were getting closer, clo-closer

Lost in the punchline, it means I love you  
Speeding through the stop signs, it means I love you  
Wild, young young, wild, it means I love you  
I love you, I love you, I love you, I love you  
Waking in a crashed car, it means I love you  
Hurting on a stranger's floor, it means I love you  
To every single love song that says I love you  
I love you, I love you, I love you  
I love you...  
I love you...

Caught in the fire  
So higher  
I love you (Oh oh, ohohhh...)  
It keeps burning  
And yearning  
I love you (Oh oh, ohohhh...)

Caught in the fire  
So higher  
I love you (Oh oh, ohohhh...)  
It keeps burning  
And yearning  
I love you (Oh oh, ohohhh...)

Oh oh, ohohhh...  
Oh oh, ohohhh... (Wild, young young, wild)  
Oh oh, ohohhh...  
Oh oh, ohohhh...  
Oh oh, ohohhh...  
Oh oh, ohohhh... (Wild, young young, wild)

Oh oh, ohohhh...  
Oh oh, ohohhh...  
Oh oh, ohohhh...  
Oh oh, ohohhh... (Wild, young young, wild)  
Oh oh, ohohhh...  
Wild, young young, wild
