

## The 80's

David Fonseca

You saw me sitting in the corner  
And you just sat there right next to me  
You asked me - "are you feeling lonely?" -  
Well loneliness is just a word, you see

I came in here just for the music  
For all the things that it makes me feel  
I came to exorcise my demons  
To bury those days when only pain was real

Treat me right  
My dreams will come true tonight  
Come with me  
Set me free  
We'll be alright

I should have met you in the 80's  
Back when I was the dance floor queen  
Maybe you think that I'm too old for dancing  
You should have met when I was sixteen

Dance! You know what I mean  
Dance! Like you were sixteen

Hey! Hey! Hey!

Tonight I'm drinking myself sober  
'Till I see what I want to see  
A few more drinks and you'll be the perfect lover  
You will be the one that I truly believe

That is right  
My dreams will come true tonight  
Come with me  
Set me free  
We'll be alright

I should have met you in the 80's  
Back when I was the dance floor queen  
Maybe you think that I'm too old for dancing  
You should have met me when I was sixteen

Dance! Like I was sixteen  
Dance! You know what I mean

Hey! Hey! Hey!

I should have met you in the 80's  
Back when I was the dance floor queen  
Maybe you think that I'm too old for dancing  
You should have met me, I should have kissed you

I should have kissed you in the 80's  
Back when I was young and free  
Maybe you think that I'm too old for loving  
Tonight I'll make love me

Dance! Like you were sixteen  
Dance! You know what I mean

Dance! Like you were sixteen  
Dance! You know what I mean

Dance! I will set me free  
Dance! Like I was sixteen
