

# All I Ever Needed

David Foster

I found myself thinkin' of you today  
The way it used to be  
When you were the only one

Like a long lost friend  
It never goes away  
Whatever you do  
You'll always be the only one

It hit me without a warning  
Before I knew that you were gone  
I saw my life before my eyes  
And I knew that something's wrong

All I ever really needed was you  
Like an answer to my prayers  
You know you make my dreams come true  
All I ever really needed  
All I ever really needed was you

Sometimes it hurts so bad  
It never goes away  
Not for a moment, oh no

And I know there comes a time  
When you need to say you're mine  
You've got to hold on to it  
We'll get through it  
It's everything you got

It hit me without a warning  
Before I knew that you were gone  
I found myself out looking for you  
Please don't tell me I was wrong

All I ever really needed was you  
Like an answer to my prayers  
You know you make my dreams come true  
All I ever really needed  
All I ever really needed was you

My world goes around and around  
And I don't know what I'm gonna find  
Now it's only a matter of time  
And I can't get you outta my mind

And it hit me without a warning  
'Fore I knew that you were gone  
I saw my life before my eyes  
And I knew that something's wrong

All I ever really needed was you  
Like an answer to my prayers  
You know you make my dreams come true  
All I ever really needed  
All I ever really needed was you

All I ever really needed was you  
Ah, sometimes it hurts so bad  
Like an answer to my prayers  
You know you make my dreams come true  
All I ever really needed  
All I ever really needed was you  
All I ever really wanted was you, whoa
