

# I Can't Play The Songs

David Gates

Looking at your picture laying on my bed  
Wishing I was pulling close the real you instead  
I don't know what I said or did  
But girl I'm missing you  
And I like to hear my music  
But there's nothing I can listen to  
'cause I can't play the song I used to play because of you  
The lonesome feeling starts before the intro halfway through  
Everyone reminds me of the things we used to do together  
And I can't go to places that I used to take you to  
'cause everywhere the faces there they all look just like you  
Until your heart comes back where it belongs  
I can't play the songs  
Everywhere I'm drivin' I go a different way  
I can't turn on my radio, afraid what they might play  
My friends all drive me crazy cause you're all they ask about  
And why I live in silence but they just don't understand  
Without you, I can't play the song I used to play because of yo  
u  
The lonesome feeling starts before the intro halfway through  
No one can replace you cause once I tried  
And even when I try to go with someone new  
You are so deep in my head  
I looked into her eyes but then I said your name instead  
Until your heart comes back where it belongs  
I can't play the songs  
There's nothing left that I can do cause I so lost in love with  
you  
No where to turn, no place to run  
You know you are my only one  
I can't play the song you used to sing along with me  
Cause' everyone is always bringin' back the memory  
Until your heart is back where it belongs  
I can't play the songs (won't you please come back to me)
