

# I Will Wait For You

David Gates

If I seem impatient, pardon me  
Someone's in the way of, our destiny  
And I don't know how long you'll be  
Or if or when you'll be set free  
If you can hold out I can too  
I will wait for you

I will wait if it takes forever  
As long as you want me to  
In this life or the next one after  
I will wait for you

Time is wasting, let's get eye to eye  
Does he make you happy, can he satisfy  
I didn't know how long he'll be  
If or when you're gonna set him free  
If you can hold out I can too  
I will wait for you
