Never Let Her Go

David Gates

Everybody needs a someone waitin' to be there when things are a-lookin' down So if you feel a little lonely Go out, find your one and only Somewhere out there Someone will care for you and then, never let her go never let her go

You may wonder how you know love when the moment comes that you've been a-dreamin' of Well true love takes a little longer Your heart beats a little stronger You'll know it's real inside you'll feel you're home at last Then, never let her go Never let her go

So if you feel a little lonely go out, find your one and only Open your heart Give love a start and watch it grow And never let her go Never let her go Never let her go
