Easy Way to Cry

Smoke curls through my hands These one night stands Are making me crazy I know Morning I'll go Crowds in the rain all passing by

Faith gone from your eyes Each word it flies Taking you further away And come that day There ain't no easy way to cry

And as I watch you leave I stand Inside my house of straw And everywhere I go I find Things recollecting to my mind How right it all could be

Faith gone from your eyes Each word it flies Straight to the heart and I know Watching you go There ain't no easy way to cry

So right now

And as I watch you leave I stand Inside my house of straw And everywhere I go I find Things recollecting to my mind How right it all could be Could be

So right now
