

Go Down Easy

David Gray

Curl around me
Like a fern in the spring
Come over to my place
And see all the things you bring
We can go down easy
Oh, my love, we can go down easy
Oh, my love, we can go down easy

Come up and see me
With your big brown eyes
Come over to my place
You know I can sympathize
We can go down easy
Oh, my love, we can go down easy
Oh, my love, we can go down easy

I won't be fancy
But I will be free
You know I love you
You can always talk to me
You can go down easy
Oh my love, we can go down easy
Oh my love, we can go down easy

The lunatics are taking over the asylum
(8x)

I won't be fancy
But I will be free
You know I love you
You can always talk to me
We can go down easy

Oh my love, we can go down easy
