My Oh My

David Gray

What on earth is going on in my heart Has it turned as cold as stone Seems these days I don't feel anything Less it cuts me right down to the bone What on earth is going on in my heart

My oh my you know it just don't stop It's in my mind I wanna tear it up I've tried to fight it tried to turn it off But it's not enough It takes a lotta love It takes a lotta love my friend To keep your heart from freezing To push on till the end My oh my

What on earth is going on in my head You know I used to be so sure You know I used to be so definite Thought I knew what love was for I look around these days and I'm not so sure

My oh my you know it just don't stop It's in my mind I wanna tear it up I've tried to fight it tried to turn it off But it's not enough It takes a lotta love It takes a lotta love my friend To keep your heart from freezing To push on till the end My oh my you know I just can't win I burn it down it comes right back again What kinda world is this we're living in where you never win It takes a lotta love It takes a lotta love these days To keep your heart from freezing To keep your spirit free

My oh my you know it just don't stop It's in my mind I wanna tear it up I've tried to fight it tried to turn it off But it's not enough It takes a lotta love It takes a lotta love my friend To keep your heart from freezing To push on till the end My oh my it just don't stop My oh my it just don't stop My oh my it just don't stop
