

# The Incredible

David Gray

(This time  
It won't leap past us  
This time)

The incredible is approaching from over there  
It won't leap past us  
We will not be left in our dark vale  
To watch it go

The incredible is approaching from over there  
It won't leap past us (this time)  
We will not be left in our dark vale  
To watch it go

(this time)

The incredible is approaching from over there  
It won't leap past us  
We will not be left noooo  
It won't leap past us

A woman transformed into twinkling stars - headlines, headlines  
No going home tonight, no going home tonight  
The wrath of angels, the wrath of angels  
No going home tonight, no going home tonight  
The wrath of angels, the wrath of angels  
No going home tonight, no going home tonight  
The wrath of angels, the wrath of angels
