If We Ever

David Guetta

I've been fragile for a long time
A big ol' hole inside my heart
And I was searching through the valley
Stumbled on love in the dark

Was afraid to try but afraid to never know
What it feels like to be loved
Had a hill to climb but the places we could go
Oh, I gotta know

So if we ever fell in love
Would the wind know? Would the pain go? Ohh
So if we ever fell in love
Oh, oh, ohh

I was empty it was all gone
The birds would sing but made no sound
Till I met you found I was all wrong
You picked me up right off the ground

Was afraid to try and afraid we'll fall again
Crashing down from the sky, you know
Had a hill to climb but with you my heart will mend
That's the one thing we all wanna know

So if we ever fell in love
Would the wind know? Would the pain go? Ohh
So if we ever fell in love
Oh, oh, ohh

I just want to know
(Know)
I just want to know
(Know)
Tell me, tell me so baby
I just want to know

I just want to know
(Know)
I just want to know
(Know)
Tell me, tell me so baby
I just want to know

I just want to know
(Know)
I just want to know
(Know)
Tell me, tell me so baby
I just want to know

I just want to know
(Know)
I just want to know
(Know)
Tell me, tell me so baby
I just want to know

So if we ever fell in love
Would the wind know? Would the pain go? Ohh
So if we ever fell in love
Oh, oh, ohh

So if we ever fell in love
Ohh, I want to know
What it feels like to be loved
