

Sun Goes Down

David Guetta

When the sun goes down
And your eyes cannot see
When the sun goes down
And your hands cannot reach
When your bones feel like breaking
And your heart cannot take the note around
I'll be there when the sun goes down

All that I won't
It's just to the prison
When the sun goes down
And all that I need is for you to be my baby
When the sun goes down

When the sun goes down

When the sun goes down
We'll be dancing in the dark
When the sun goes down
To the beating of your heart
Has the earth moved in orbit
I will always be the one
Who stands my prime?
I'll be there when the sun goes down

All that I won't
It's just to the prison
When the sun goes down
And all that I need is for you to be my baby
When the sun goes down

When the sun goes down

All that I won't
It's just to the prison
When the sun goes down
And all that I need is for you to be my baby
When the sun goes down

When the sun goes down
When the sun goes down
I see you around
