What I Did for Love

David Guetta

Talking loud, talking crazy
Lock me outside
Prayin' for the rain to come
Bone dry again
Guess it's true what they say
I'm always late
Say you need a little space
But I'm in your way

It hurts, that I remember every scar And I've learned But living is the hardest part

I can't believe what I did for love I can't believe what I did for us Passionately burning to flames Stitch myself up, then I do it again I can't believe what I did for love What I did for love

What I did for love (8x)

I'm a fool for your games
But I always play
Can't admit it was a waste
Just too much at stake

It hurts, that I remember every scar And I've learned But living is the hardest part

I can't believe what I did for love I can't believe what I did for us Passionately burning to flames Stitch myself up, then I do it again I can't believe what I did for love What I did for love

What I did for love (6x)

I can't believe what I did for love
