

Give Me Something Real

David Hasselhoff

When you're looking at me in the mirror
Tell me what you see
Am I just a face in the magazines baby
Is that how you want it to be
Flesh and blood
That's what I am lady
I need loving too
And it ain't enough to treat me like some kind of freaky
Playboy pleasure machine
This man has a human heart
Show me that you have one too

Give me something real girl
Give me something I can hold on to
Step into the real world, of my sweet love
Cause this heart needs more than a fantasy
Give me something real girl

I'm not afraid to dive too deeply
I'm not afraid to live
And I'm not afraid if the tears start flowing
Like a river does to the sea
Cause I'm following the beat of my heart
And all that I want you to do...

Is give me something real girl
Give me something I can hold on to
Step into the real world, of my sweet love
Cause this heart needs more than a fantasy
Give me something I can hold on to
Welcome to the real world, of my sweet love
Cause this heart needs much more than a fantasy

Give me something real girl
Something I can feel

Cause I'm following the beat of my heart
Show me that you have one too

Give me something real girl
Give me something I can hold on to
Take me to the real world, of your sweet love
Cause this, heart needs more than a fantasy
Give me something real
Something I can hold on to
Of my sweet love
Cause this heart needs much more than a fantasy
Give me something real
Something I can feel
of my sweet love...
