

Live Until I Die

David Hasselhoff

Live your life
Live your life
Lyelyelyelyelyelyelye
Lyelyelyelyelyelyelye
Lyelyelyelyelyelyelye
I'm gonna live until I die

I know what it takes
You know what it takes

Gonna climb every mountain
Steal every scene
Ride the wildest river
Conquer my dreams
Dance in the fountain
Singing my song
Make sweet love to you girl
All nite long

And when I lay me down to rest
I'll be completely out of breath
You can be sure I've done my best
This is my promise
My quest
That when others say goodbye
I'm gonna give it one more try
So when I'm gone
Don't you cry
I'm gonna live until I die

I've got what it takes
You've got what it takes

The deeper the ocean
I'm gonna dive in
Cos you know the way it is
You sink or you swim
Gonna live my life
Every minute and hour
Dance in the moonlight
Kiss you in the eiffel tower

And when I lay me down to rest
I'll be completely out of breath
You can be sure I've done my best
This is my promise
My quest
That when others say goodbye
I'm gonna give it one more try
So when I'm gone
Don't you cry
I'm gonna live until I die

Lyelyelyelyelyelyelye
Lyelyelyelyelyelyelye
Lyelyelyelyelyelyelye
I'm gonna live until I die

Gonna climb every mountain
Conquer my dreams
Cos you know the way it is
The deeper the ocean
Gonna live my life
Every minute and hour
Dance in the moonlight
Kiss you in the eiffel tower

And when I lay me down to rest
I'll be completely out of breath
You can be sure I've done my best
This is my promise
My quest
That when others say goodbye
I'm gonna give it one more try
So when I'm gone
Don't you cry
I'm gonna live until I die

Lyelyelyelyelyelyelye
Lyelyelyelyelyelyelye
Lyelyelyelyelyelyelye
I'm gonna live until I die

One more try
I'm gonna give give give
One more try
One more try
I'm gonna live until I die
