

Room In Your Heart

David Hasselhoff

Room in your heart
Is there a little
Room in your heart

Room in your heart
Is there a little
Room in your heart

Just a place
Where we can learn to love
Your tears are all erased

When there's enough
Room in your heart

Room in your heart
Is there a little
Room in your heart

Room in your heart
Is there a little
Room in your heart

Just for me
I need to share my love
Or do you fail to see
There's not enough
Room in your heart

Room in your heart
Is there a little
Room in your heart

Room in your heart
Is there a little
Room in your heart

My love for you
Makes my life worth living
Though your heart is surrounded
By fear which makes you think
It's not worth giving
But I'll wait if you'll make
Room in your heart
Room in your heart

Room in your heart
Is there a little
Room in your heart

Room in your heart
Is there a little
Room in your heart

Room in your heart
Is there a little
Room in your heart

Room in your heart
Is there a little
Room in your heart

Room in your heart
Is there a little
Room in your heart

Just a little
Just a little
Room in your heart

Is there a little
Just a little
Room in your heart

Room in your heart
Is there a little
Room in your heart

Room in your heart
Is there a little
Room in your heart
