

Stay

David Hasselhoff

Stay
Stay, stay ...
All right, yeah

Stay, just a little bit longer
Please, tell me where you going to
Now, your daddy don't mind
And your mammy don't mind
If we have another chance, yeah
Just one more, one more time

(why don't you) stay, just a little bit longer
(please let me) dance, say that you will
Say that you will
Want to play your sweet dreams, next you're mine
Want to say I'd love you stay with me all of the time

(why don't you) stay, just a little bit longer
(please let me) dance, say that you will
Say that you will
Want to play your sweet dreams, next you're mine
Want to say I'd love you stay with me all of the time

Now, your daddy don't mind
And your mammy don't mind
If we have another chance, yeah
Just one more, one more time

Please, tell me where you going to

(why don't you) stay, just a little bit longer
(please let me) dance, say that you will
(stay just a little bit)
Stay just a little bit
(stay just a little bit)
Stay just a little bit
(stay)
Just a little bit with me
Why don't you stay tonight
(stay)
Oh, oh oh
Come on ! let's spend the night !
