

# These Lovin' Eyes

David Hasselhoff

I can't sleep, don't wanna fight  
I can't say goodnight tonight  
Sometimes you just do things  
You don't mean to  
Sometimes you hurt the one  
Who means the most to you  
But without you  
I can't be me  
And I need you to believe

These lovin' eyes  
See only you  
Love you for what you are inside  
These lovin' eyes  
Will always be true  
To know this heart of mine  
Just look into these lovin' eyes

You look so beautiful lyin' here  
I wanna kiss away all your tears  
You mean so much to me  
You changed my life  
Wish we could away be  
The way we are tonight  
Sometimes the world takes me away  
But the feeling never fades

These lovin' eyes  
See only you  
Love you for what you are inside  
These lovin' eyes  
Will always be true  
To know this heart of mine  
Just look into these lovin' eyes

These lovin' eyes  
See only you  
Love you for what you are inside  
These lovin' eyes  
Will always be true  
To know this heart of mine  
Just look into these lovin' eyes
