

Turn Me Inside Out

David Hasselhoff

Turn me inside out,
I don't have a clue, what love's about
Turn me round and round,
Tell me what to do, don't let me down

Let it be, let it be tonight, I'll be ready here when you come
Don't keep me waiting, I heard love can be fun
Anyway anywhere's alright, as long as I can count on you
I know it sounds kind funny, so show me what to do

Turn me inside out
I don't have a clue, what love's about
Turn me round and round,
I'll never ever let you down

Turn me inside out
I don't have a clue, what love's about
I'm ready, I'm willing, I'm waiting
Here now just for you

Heavenly, I'm in paradise,
gotta feelin' girl you're the key
Anticipating, 'cause it's all new to me

People say love is twice as nice,
it's a game that's made for two
I know it sounds kind of funny, so show me what to do

Turn me inside out
I don't have a clue, what love's about
Turn me round and round,
I'll never ever let you down

Turn me inside out
I don't have a clue, what love's about
I'm ready, I'm willing, I'm waiting
Here now just for you

ready, willing, waithing
Here now just for you

Turn me inside out
I don't have a clue, what love's about
Turn me round and round,
I'll never ever let you down

Turn me inside out
I don't have a clue, what love's about
I'm ready, I'm willing, I'm waiting
Here now just for you...
