

## Fall Into You (With Amy Lee)

David Hodges

It seems so far, that I have gone down this road  
Only to find that it ends  
Looking back there is one thing that I know  
I can't make it all alone again  
Cause I'm too weak to stand on my own  
When all I need is you

So lead me, guide me, hold me, hide me in love  
With all that you are, and all that you do  
Hear me, take me, mold me, break me oh God.  
Just fill all of me. As I fall into you.

Just catch me as I fall  
All this time, I have felt so alone  
Losing myself in my despair  
What loving arms, you were waiting for me to let go  
Of every step you were there  
Cause I'm too weak, to stand on my own  
When all I need, is you

So lead me, guide me, hold me, hide me in love  
With all that you are, and all that you do  
Hear me, take me, mold me, break me, oh God.  
Just fill all of me.

Oh my child, how I have longed, for you to come home, to where  
you belong  
All of your life, if you could just see all of my joy, when you  
are here with me  
Oh my child (Lead me)  
How I have longed (Guide me)  
For you to come home (Hold me)  
To where you belong (Hide me in love)  
And all of your life  
If you could just see all of my joy (With all that you are)  
When you are here with me (All that you do)

Hear me, take me, mold me, break me oh God  
Just fill all of me  
As I fall into you.
