## Fall Into You (With Amy Lee)

## **David Hodges**

It seems so far, that I have gone down this road Only to find that it ends Looking back there is one thing that I know I can't make it all alone again Cause I'm too weak to stand on my own When all I need is you

So lead me, guide me, hold me, hide me in love With all that you are, and all that you do Hear me, take me, mold me, break me oh God. Just fill all of me. As I fall into you.

Just catch me as I fall All this time, I have felt so alone Losing myself in my dispair What loving arms, you were waiting for me to let go Of every step you were there Cause I'm too weak, to stand on my own When all I need, is you

So lead me, guide me, hold me, hide me in love With all that you are, and all that you do Hear me, take me, mold me, break me, oh God. Just fill all of me.

Oh my child, how I have longed, for you to come home, to where you belong All of your life, if you could just see all of my joy, when you are here with me Oh my child (Lead me) How I have longed (Guide me) For you to come home (Hold me) To where you belong (Hide me in love) And all of your life If you could just see all of my joy (With all that you are) When you are here with me (All that you do)

Hear me, take me, mold me, break me oh God Just fill all of me As I fall into you.
