## **You Are The Light**

## **David Hodges**

The world lost in darkness Dying to see the sunrise Savior will come Heaven is waiting Glimpses of mercy fading A savior will come Waited so long

You are the light Bethlehem's son Hope of the world the glorious one The savor to all is with us tonight You are the light. You are the light.

Bow in your presence surrounded by angels beaming A savior has come Candle to lead us Flame to destroy the darkness Light of your love Messiah has come

You are the light Bethlehem's son Hope of the world the glorious one The savior to all is with us tonight You are the light.

Now the whole world will not be the same Cause love has come down and grace has a name Name of the child is Jesus Christ You are the light.

Hallelujah Hallelujah Hallelujah Hallelujah Hallelujah Hallelujah Hallelujah

You are the light Bethlehem's son Hope of the world the glorious one The savor to all is with us tonight

You are the light Bethlehem's son Hope of the world the glorious one The savior to all is with us tonight You are the light.

Now the whole world will not be the same Cause love has come down and grace has a name Name of the child is Jesus Christ You are the light.

You are the light. You are the light. You are the light.
