

Love Reign Over Me

David Holmes

This is what you mean to me
I close my eyes, so I can't see
And let your love reign down on me

You are as far as I can see,
You're everything I've always wanted to be,
I can't breathe, I can't rest in sleep
That you'll let your love reign over me.

This is what you do to me,
I close my eyes, so I can't be.
And with your love reign down on me.

You are as far as I can see,
You're everything I've always wanted to be,
I can't breathe, I can't rest in sleep
That you'll let your love reign over me.

You are as far as I can see,
You're everything I've always wanted to be,
I can't breathe, I can't rest in sleep
That you'll let your love reign over me.
