

# Sick City

David Holmes

Everyone I see's  
Diseased or broken  
Holes in their arms  
They got cocaine eyes  
Self mutilation  
Is self surveillance  
Wanna get to heaven  
You gotta die

Here she comes  
Here she comes  
She's crawled out of a garbage can  
Here she comes  
Here she comes  
She's gonna waste another man

Ah sick city  
Gonna be the death of me  
Ah sick city  
Gonna be my death, gonna be the death of me

Little Johnny Junk's  
A subway pilot  
He'll knife you in the head  
For Chinese rock  
Catch a falling spike  
Ride a silver rocket  
Score a body bag deal  
From the Vietcong

Here she comes  
Here she comes  
She's crawled out of a garbage can  
Here she comes  
Here she comes  
She's gonna waste another man

Ah sick city  
Gonna be the death of me  
Ah sick city  
Gonna be my death, gonna be the death of me

Your meat on a hook  
In your own snuff movie  
Tortue loop hallucination  
Nerves spliced  
No innoculation  
From the viral programme  
There's spiders in your mouth  
Shoot insecticide!  
Here she comes  
Here she comes  
She's crawled out of a garbage can  
Here she comes  
Here she comes  
Gonna waste another man

Ah sick city  
Gonna be the death of me  
Ah sick city  
Gonna be my death, gonna be the death of me

SICK SICK SICK  
SICK CITY  
SICK SICK SICK  
SICK CITY  
SICK SICK SICK  
SICK CITY
