

# The Faster I Go

David Kersh

Well, I was born a-kickin', Lord, bound to die the same  
Son of a son of a man on the run, reared on raisin' Cain  
Mama put lead in my boots to keep me on the ground  
But once I heard that highway call, couldn't nothing hold me do  
wn

'Cause I'm on a wild ride, full stride, I've let go of the rein  
s  
I get off on getting out of control  
Baby, I've got a raging fire running through my veins  
I just can't seem to take it slow, oh 'cause life gets better I  
know  
The faster I go

People call me crazy, y'all, just because I'm young  
But I ain't gonna waste one night till my days are done  
Full speed down the track, forget about the brakes  
If you don't wanna get on board, then you'd best get out of my  
way

'Cause I'm on a wild ride, full stride, I've let go of the rein  
s  
I get off on getting out of control  
Baby, I've got a raging fire running through my veins  
I just can't seem to take it slow, oh 'cause life gets better I  
know  
The faster I go

I'm on a wild ride, full stride, I've let go of the reins  
I get off on getting out of control  
Baby, I've got a raging fire running through my veins  
I just can't seem to take it slow, oh 'cause life gets better I  
know  
The faster I go, the faster I go  
Yeah, the faster I go, the faster I go
