

# Just Don't Wait Around 'til She's Leavin'

David Lee Murphy

Lookin' at the bare spot on the bedroom wall  
Brought home the honest truth to me  
The picture hangin' there was just another treasure  
I had lost so foolishly  
It took all this to realize the talks we had  
Meant she was tired of playin'  
And now I see she needed more  
Of what I wasn't doin' or sayin'

So just don't wait around 'til she's leavin'  
To show her just how much she really means  
Just don't wait around 'til she's leavin'  
To give the kind of love a lady needs

Promises don't push aside  
The fact that I had taken her for granted  
Just a touch to let her know how much I really cared  
Was all she wanted  
But it's too late to change her mind  
When you're just a memory behind her

So take her in your arms and make her see  
She's the one you'll want forever

So just don't wait around 'til she's leavin'  
To show her just how much she really means  
Just don't wait around 'til she's leavin'  
To give the kind of love a lady needs

Hold her  
And she'll be satisfied  
She needs  
Lovin' all the time

So just don't wait around 'til she's leavin'  
To show her just how much she really means  
Just don't wait around 'til she's leavin'  
To give the kind of love a lady needs

So just don't wait around 'til she's leavin'  
To show her just how much she really means  
Just don't wait around 'til she's leavin'  
To give the kind of love a lady needs

So just don't wait around 'til she's leavin'
