

Kentucky Girl

David Lee Murphy

Underneath the big blue moon
Everything looks lonely
Even that sweet smile upon your face
Leavin' past tobacco rows
Down that ole dirt road
Can't remember when I felt this way

What did you do
Kentucky girl
You got me wantin' more
Than I wanted to
What did you do
Kentucky girl

I knew we'd have to say goodbye
And here we are together
Takin' one last look before I go
When I saw those big brown eyes
My heart said forever
Never heard it talk like this before

What did you do
Kentucky girl
You got me wantin' more
Than I wanted to
What did you do
Kentucky girl

Well if I go away
And leave you behind
When I come back someday
Would you still be mine

What did you do
Kentucky girl
You got me wantin' more
Than I wanted to
What did you do
Kentucky girl
