

Same Ol' Same Ol'

David Lee Murphy

She was layin' there starin' at the ceilin'
Thinkin' 'bout all she didn't wanna do today
Alarm clock finally quit ringin'
Wasn't gettin' no attention anyway
She's just tired of that weddin' ring
Yeah she's tired of four gray walls
She's fed up with just 'bout everything
And that's all hey you know that's all

It's the same ol' same ol' every night
Got to have a change of scenery
It's the same ol' same ol' every night
One of these days she just might leave

Little dress hangin' in the back of her closet
She could slip away and put it on
Long tan legs as smooth as silk
She knows what she's thinkin's wrong
She's just tired of the way it is
Yeah she's tired what she's goin' thru
She's fed up with the life she's missed
She's feelin' used she's just to used to the

It's the same ol' same ol' every night
Got to have a change of scenery
It's the same ol' same ol' every night
One of these days she just might leave

Oh and she's tired of his runnin' 'round
And she's tired of bein' left alone
She's had enough of bein' held down
While he's on the town, she's wantin' out

It's the same ol' same ol' every night
Got to have a change of scenery
It's the same ol' same ol' every night
One of these days she just might leave

It's the same ol' same ol' every night
Got to have a change of scenery
It's the same ol' same ol' every night
One of these days she just might leave

Better believe me
