

# Black Sand

David Lee Roth

Catch a wave  
Feel the power  
Now you are solar powered

My toes  
On the nose  
Wanna be  
Where the sun goes

I've heard a story  
Many times  
It's one that i believe  
Of a place that's not on any map  
Beyond the seven seas  
Black sand...

Goin' to the ocean  
Why don't you come with me  
We'll slide right off  
The backside  
Of a dream
