

Lady Luck

David Lee Roth

Ow, all right
Aww yeah

I'm off an' runnin'
Clear off the beaten path
I don't know where I'm headed
But I know that I ain't comin' back

Don't know where I'm goin'
But I can't wait to get there
Sometimes I laugh to win
'Cause he who laughs lasts

I see the headlights burnin'
Casts a magic spell
Will I make that turn?
Only time will tell

Time after time I'm walkin' the line
Between trouble and my lady luck
I can't deny that woman is mine, all right
Lady luck

She said, "Don't sing me ballads
Life's a game for me."
She liked to ride 'em cowboy
So don't throw that book at me

And ride 'em cowboy that we did
More than most could stand
Passed the buck and lived it up
Then she found another man

Who can race me child?
Who can tell it well?
Who can take me, baby?
Only time will tell

Time after time I'm walkin' the line
Between trouble and my lady luck
I can't deny that woman is mine, all right
Lady luck, yeah, ooh, baby

Ow
All right
Ooh

Trouble ahead, trouble behind
Woah yeah
Lady of mine, yeah
Mine all right
Hey, lady luck

Here come the thunder
Hear the lightenin', whoa yeah
And fear the thunder, whoa yeah
All right, haha

Wow

Now baby please, baby, please
Lady luck, I tried to please, oh
I seen your behind, all right
Oh, oh, oh

Baby please
Oh, baby please
Now baby please
All right

Trouble ahead yeah, trouble behind all right
Never leave me lady luck
Trouble ahead, trouble behind
Lady luck, yeah
Whoa, all right
