

Little Texas

David Lee Roth

An armed assailant
A farmer's daughter
Texas pavement
And an angry father

Sometimes a straight line
And then sometimes you wander
My first time in the spotlight
Was from a helicopter

Oh
Yeah
Call the boss of Bigtown
Get the riot squad
Tell your star reporter
That he's got himself a job

But no prob, Bob and Murphy
Two comedians
A little luck and attitude
I count amongst my friends

Cowboys and injuns
Hey, we ain't playin'
This wild frontier
Can kill you on occasion

From Broadway to Cheyenne
Aces wild, yes we am
Say hello to my best friend
Little Texas

Ride to live, live to ride
Let 'em roll one more time
Always keep her by my side
Little Texas

Unimpressed a great degree
With a serious pedigree
If i get into a fix
Jump Little Texas in the mix

Produce it, better use it
If i produce it, someone's leavin'
I'm a real nice guy
But Little Texas keep things even

Cowboys and injuns
Hey, we ain't playin'
This wild frontier
Can kill you on occasion

From Broadway to Cheyenne
Aces wild, yes we am
Say hello to my best friend
Little Texas

Ride to live, live to ride
Let 'em roll one more time
Always keep her by my side
Little Texas

An armed assailant
A farmer's daughter
Texas pavement
And an angry father

Sometimes a straight line
Sometimes you wander
My first time in the spotlight
Was from a helicopter

From Broadway to Cheyenne
Aces wild, yes we am
Say hello to my best friend
Little Texas

Ride to live, live to ride
Let 'em roll one more time
Always keep her by my, my, my, my, my side
Woah, Little texas
Woah yeah, yeah, yeah, yeah, yeah
