

Made up my mind

David Lee Roth

just want you, baby
To be on my side
Show me your sweet nature
Act a little nice and kind

'Cause I made up my mind
I made up my mind
I made up my mind
That you're the girl I want to be mine, yes

Oh, listen to my story
Before you send me away
Please don't nail me baby
Until you hear what I got to say

'Cause I made up my mind
I made up my mind, yes I did
I made up my mind
That you're the girl I want to be mine, oh yeah

No more tell you woman
To be so mad with me
I just didn't do nothing
For you to treat me so evilly

'Cause I made up my mind
I made up my mind
I made up my mind
That you're the girl I want to be mine, oh baby

Oh, listen to my story
Before you send me away
Please don't nail me baby
Listen to me, what I've got to say

'Cause I made up my mind
I made up my mind
I made up my mind
That you're the girl I want to be mine, yeah

I just want you baby
To be on my side
Show me your sweet nature
Act a little nice and kind

I made up my mind
I made up my mind
I made up my mind, yes
I made up my mind, yeah
