

# Wa Wa Zat!!

David Lee Roth

Turn it back, fast forward  
You want a good one? Only time will tell  
By the time your dreams come true  
You've turned into someone else

Only adventures that I regret  
Are the ones I missed  
And the thought of all the pretty girls  
I never tried to kiss

Wa wa zat !! It's about time  
Wa wa zat !! Time flies  
You can make it or you can fake it, baby  
Or you can take your time like I do mine

Napalm in the morning  
We love the smell of it  
'Cause life ain't boring  
We do the hell out of it

Only adventures that I regret  
Are the ones I missed  
And the thought of all the pretty girls  
I never tried to kiss

Wa wa zat !! It's about time  
Wa wa zat !! Time flies  
You can make it or you can fake it, baby  
Or you can take your time like I do mine

Only adventures that I regret  
Are the ones I missed  
And the thought of all the pretty girls  
I never tried to kiss

Wa wa zat !! About time  
Wa wa zat !! Time flies  
Well, you can make it or you can fake it, baby  
Or you can take your time like I do mine
