

These Are My Friends

David Lynch

I got a truck and a single bed
Got a stove, got a table painted red
Got some beer, oh, yeah and a barbecue
Got two good ears and my eye on you

Telly's got a blue bird, Minnie's got a dog
Betty's got a yellow basket, inside she's got a frog
These are my friends, the ones I see each day
I got a prescription for our problems, keep the hounds at bay

Betty's got a yellow basket, inside she's got a frog
These are my friends, the ones I see each day
I got a prescription for our problems, keep the hounds at bay
